Islamic Azad University – IAU

- IAU was founded in 1982 by the patronage of the late **Imam Khomeini**; aiming to train a post-revolutionary generation of specialized and well-trained human resources and experts. The IAU is currently one of the largest attending universities in the world.

Innovative Solutions

for Health, Wellbeing and Human Sciences

- In the area of **medical sciences**, the IAU has **104** medical branches, **1649** faculty members and **54203** students, majoring in nearly **100** fields of studies in Medicine, Psychology, Dentistry,

Pharmacy, Pharmaceutical sciences, Nursing, Midwifery, Pharmaceutical Chemistry, Paramedics, Health and Medical Engineering, Advanced Sciences and technology, Family and Public Health, Laboratory Sciences and Nutrition at different levels.

TEHRAN MEDICAL SCIENCES ISLAMIC AZAD UNIVERSITY (TMSIAU) with over **22000** students is the largest medical school of IAU and IRAN and consists of **eight** schools, **three** teaching hospitals and **one** educational, research and health service clinic.

Medical, Dental, and Pharmaceutical Branches

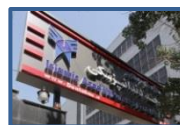

- TMSIAU started with the name, "**Tehran Medical Sciences Branch**" which was founded in **1985** with four medical sciences disciplines: medicine, nursing and midwifery, and medical laboratory sciences.

- **Pharmaceutical Branch** established in **1986** and currently considered as one of our best schools in the country with the aim of educating pharmacists and fulfilling the pharmaceutical needs of the country.

- **Dental Branch** established in **1986** with the first intake of 40 students, and at the present offers all specialties and subspecialties in dentistry to undergraduate and post graduate students.

- In **2017**, the leading committee of IAU decided on the **amalgamation** of medical, pharmaceutical, and dentistry branches, forming one of the biggest branches of medical and clinical sciences. Following the merge, Dentistry,

Pharmaceutical, and Medical Sciences are working and collaborating under the same umbrella, **Tehran Medical Sciences Islamic Azad University**.

- TMSIAU with improbable track record of research and teaching in the World and one of the leading teaching institutes in Asia offers wide range of training in health and medical sciences.

- TMSIAU was ranked among the world's 400 universities, in **Shanghai World Rankings** (2019). In 2020, the **School of Dentistry** was

ranked among the top 300 dental schools in the world and among the top 3 in Iran.
